

CUSTOM CONTROL UL LISTED PANELS

Manufactured in Seattle since 1947.

Top quality all the way:
Single and Multiple Circuit Automatic Electrical Controls

NEMA

Meets NEMA specifications – NEMA 1, NEMA 3R, NEMA 4 and NEMA 7.

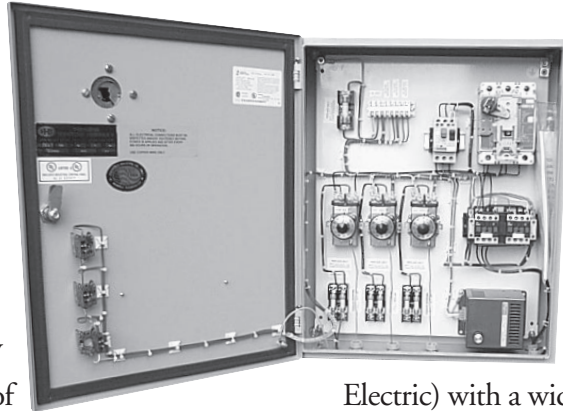

- ◆ Lighting Control Panels
- ◆ Temperature Controls
- ◆ Motor Control Panels
- ◆ Pumping Control Panels
- ◆ Waste Water Controls
- ◆ Hazardous Material
- ◆ SCR Types
- ◆ Access Control Panels
- ◆ Alarm Panels
- ◆ HVAC Panels
- ◆ Load Distribution
- ◆ Marine Industry
- ◆ Service Entrance Types
- ◆ Microprocessor Types

The second generation of PHCo ownership holds firm to the family tradition of delivering products on time, with unequalled, quality, precision and reliability. Call, write, fax, e-mail or visit our web site today for specs & prices.

PROCESS HEATING COMPANY – PIONEERS IN RESISTANCE TECHNOLOGY

Process Heating Company has designed and manufactured resistance-type industrial heating systems since 1947. Expertise in control panel technology is a natural outgrowth of both the experience and the specialized skills we have built up over the years.

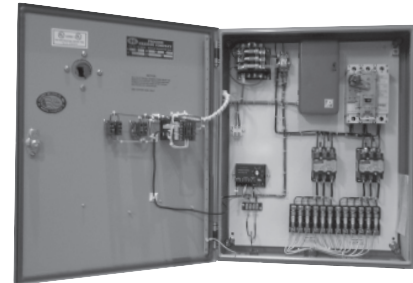

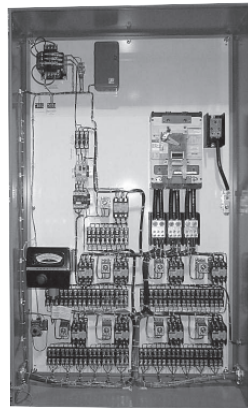

High-tech control panels, including SCRs

and those that call for computer logic circuitry, are a part of PHCo's expertise. We also maintain a large inventory of temperature controllers (Partlow, Zytron, Robertshaw and United

Electric) with a wide variety of capillary lengths and ranges.

Please feel free to ask questions or to request specifics on your control panel needs.
